Below are the 14 columns used in the 1865 Massachusetts State Census and an explanation of how they have been transcribed into the 9 columns used in this volume. Even what seem to be obvious mistakes in the original census (a Samuel listed as a female or a 10 year old listed as married) have been preserved in this transcription.

- 1 - Dwelling Houses numbered in the order of visitation.
This column and the following one have been transcribed into the first column of this volume with a slash between the dwelling house and family number.
- 2 - Families numbered in the order of visitation.
This column and the preceding one have been transcribed into the first column of this volume with a slash between the dwelling house and family number.
- 3 - The Name of every Person whose usual place of abode on the first day of May, 1865, was in this family.
The names have been transcribed surname first, first and middle names second. Those names without a surname preceding them have the same surname as above. If column 10 (Persons over twenty years of age who cannot read or write) has been marked for a person, an astrisk (*) appears after the person's first name. If column 11 (Whether Deaf, Dumb, Blind, Insane, Idiotic, Pauper or Convict) has been filled in for a person, a number sign (#) appears after the person's first name and an explanation appears at the bottom of the family grouping. If either the surname or first name of a person is not given, a blank line (-----) has been drawn in.
- 4 - Age of said person.
For children under the age of 1 year their age is often given in months. This has been transcribed with a "m" after the number of months.
- 5 - Sex.
f = female, m = male

- 6 - Color - White, Black, Mulatto or Indian.
w = White, b = Black, m = Mulatto, I = Indian
This column is usually left blank for white people. To make this transcription clear, a "w" has been inserted whenever this column is blank.
- 7 - Place of Birth, name of State, Territory or Country.
The two letter Postal Service abbreviations have been used for the United States. The following abbreviations have been used for countries or other places:
Eng = England
Ger = Germany
Ire = Ireland
Scot = Scotland
In those cases where a more exact place of birth has been given, a number sign (#) has been put in place of the place of birth and an explanation is given at the end of the family grouping.
- 8 - Condition - whether single, married, or widowed.
s = single, m = married, w = widowed
- 9 - Profession, Occupation, or Trade of every person over 14 years of age.
- 10 - Persons over twenty years of age who cannot read or write.
If this column has been marked for a person, an astrisk (*) has been put after the person's first name.
- 11 - Whether Deaf, Dumb, Blind, Insane, Idiotic, Pauper or Convict.
If this column has been filled in, a number sign (#) has been put after the person's name and an explanation has been put at the end of the family grouping.
- 12 - Ratable Poll.
If this column has been marked, a "p" appears in the last column of this volume.
- 13 - Legal Voters.
If this column and the preceding one have been marked, "pl" appears in the last column of this volume.
- 14 - Naturalized Voters.
If this column and the two preceding ones have been marked, a "pn" appears in the last column of this volume.

The original Massachusetts State Censuses are at the Massachusetts State Archives, Columbia Point, Dorchester, Massachusetts.
